Re: Automatic Renewal of the General VPDES Permit for Domestic Sewage Discharges $\leq 1,000$ GPD
Permit No. VAG406040
Wrights Facility
Prince William County

Dear Permittee:

The State Water Control Board recently reissued the general VPDES permit for the wastewater treatment facility located at this address. According to Department records and Virginia Department of Health records your treatment works qualifies for automatic permit coverage renewal as described in 9VAC25-110-70 1.2.b. Your new permit coverage becomes effective on 2 August 2011.

Please continue to operate the treatment works in accordance with the general permit. A copy of the reissued general permit and change of ownership form can be found on DEQ's web page at <http://www.deq.virginia.gov/vpdes/permitfees.html>. If you do not have web access, or would like a paper copy of the general permit sent to you, please contact this office.

Note that the monitoring requirements have not changed for this permit reissuance. You should continue to monitor your discharge as you are presently doing.

If you have any questions concerning this matter, please contact Douglas Frasier at 703-583-3873 or via email at Douglas.Frasier@deq.virginia.gov for information.

Respectfully,
